

RESOLUTION IN SUPPORT OF A UNIVERSAL, SINGLE-PAYER HEALTH CARE SYSTEM ON THE FEDERAL AND STATE LEVEL.

WHEREAS, lack of health insurance is a cause of 45,000 deaths per year in the U.S.

and

WHEREAS, 62% of personal bankruptcies are due to medical expenses and over 75% of these people have health insurance

and

WHEREAS, Over 47 million people in this country lack health insurance, millions more are under-insured, over 450,000 Minnesotans lack insurance coverage and minorities are disproportionately likely to be without insurance

and

WHEREAS, Federal reforms will not achieve universal coverage nor adequately control costs, and will perpetuate a fragmented and inequitable health care system

and

WHEREAS, a single payer system is the only system of health care that can assure universal and equitable coverage, portability and choice of provider, while also controlling costs

BE IT RESOLVED that the _(political party)_ supports and works to enact a universal, single-payer health care plan on the federal level and the single-payer Minnesota Health Act at the state level.
