

Everyone Has a Health Care Story- *Share your story with us*

Health Care for All-Minnesota is collecting people's health care stories. We want to illustrate, from the human dimension, what is wrong with our current health care system and how a single-payer system would be beneficial. **One of the prompts below may help to briefly tell us your story.**

Share your experience with

- Dealing with the health care bureaucracy (example: trying to get insurance to pay for a recommended, or performed health care service)
- Rising premiums, co-pays and deductibles affecting your budget
- Being stuck in an unfavorable work situation because of the need for insurance coverage
- Being rejected for health coverage due to a pre-existing condition
- Being uninsured or intermittently insured
- Being a provider in the current health care system – the challenges, the changes over time
- Not being able to provide adequate care because of patients insurance status
- Going Bankrupt because of medical expenses (even with having insurance)
- Not being able to afford medications
- Worrying about the bill instead of getting better

Anything else you want to share (you can use the back of this paper as well)
