

Please join us Wednesday September 15th, 7:00-9:00 p.m. for a conversation about the **Minnesota Health Plan**

Learn what it is, why it will help solve the budget crisis and how we can get it passed

Ann Settgast M.D. from Physicians for a National Health Plan will discuss why single-payer is the fiscally responsible way to assure affordable health care for all Minnesotans

“The Minnesota Health Plan provides affordable health care for all Minnesotans. It costs less and covers more. It puts you in the driver’s seat; you choose the doctor you trust and get the care you need when you need it. And you have peace of mind knowing your coverage can’t be taken away.”

at the home of
Karen and David Bakken
3847 Darcy Drive NE
Rochester, MN 55906
Please RSVP to David or Karen at 507-285-1393
